**Delivered virtually over four afternoons and two evenings, the Know My Name Conference celebrates all women as artists, activists, researchers, intellectuals and mentors now and into the future.**

**Foregrounding diverse voices and with First Nations perspectives embedded across the program, the event brings together leading and emerging Australian and international voices from arts and academia to share ideas, insights and creative practice.**

**Through keynotes, performances, panels, discussions and artist-led approaches, the conference will consider historical and contemporary experiences of gender and feminism in the arts to imagine new futures.**

**Inclusive and participatory, the conference will include live captions, AUSLAN interpretation and audio description, and will enable dialogue and discussion with presenters and the delegate community.**
