ABOUT THE GALLERY

The National Gallery is one of Australia's leading visual arts institutions. The National Gallery is based in Canberra and is a vital part of the Australian cultural landscape. Our Purpose is to collect, preserve, promote and share the national collection of art. The Vision of the National Gallery is to be the international reference point for art in Australia, inspiring all people to explore, experience and learn. Our Values include excellence, creativity, courage, respect, and accountability.

WORKING AT THE GALLERY

When you work at the National Gallery you will be exposed to some of the world's leading Australian and international art and artists. We are located in the National triangle on the waterfront and your lunchtimes can be spent in our beautiful sculpture garden or around Lake Burley Griffin.

We support flexible working practices, including working from home, and you will have access to low-cost, onsite car parking.

The National Gallery is committed to the health, safety and wellbeing of our people and we expect our people to share this commitment and work safely at all times.

We value the contribution that a diverse workforce brings and encourage people from a diverse background to apply. This might include identifying as First Nations peoples, people with a disability, culturally and linguistically diverse people and LGBTQIA+ people.

Position description – Senior Conservator, Objects (5042)

OVERVIEW OF THE ROLE

The Senior Conservator, Objects will lead a team of 4 conservators and a technician to manage all aspects of the care of works of art of that media, a diverse and growing area of the NGA collection. This includes works of art on display in the NG Sculpture Garden, metals, ceramics, decorative arts, time based media, electrical and kinetic works of art as well as plastics and bark paintings.

The National Collection has an exciting and diverse collection of works of art that fall within the category of objects. The Gallery is a leader in lending, touring and exhibiting traditional and contemporary art and this role will play a key role in meeting these requirements. To achieve this, you will work closely with a wide variety of internal stakeholders, external contractors and clients.

An order of merit may be established from this selection process and may be used to fill future identical vacancies over the next 12 months. Selection may be based on application and referee reports only.

If you do not wish to be added to an order of merit, please notify us in your application.

This position reports to the Head of Conservation and is responsible for managing staff, research, resources, and the workflow through the Objects Section to manage the permanent collection and to meet the Gallery's exhibition, touring and lending program. This position of Senior Conservator, Objects, an ongoing full-time role with the conservation team.

OUR IDEAL CANDIDATE

Our ideal candidate will have strong leadership skills and will be required to demonstrate their skills and experience to successfully manage, supervise and develop staff, manage resources, budgets, and work schedules in an environment of competing demand and priorities is essential. Experience in managing multiple projects with conflicting deadlines is a requirement.

Our ideal candidate will have professional qualifications and extensive experience in the conservation, documentation and analysis of a wide range of cultural and art objects. Experience working within a large cultural institution with a wide variety of media is essential.

You should be able to demonstrate your ability to build good working relationships and work collaboratively with other conservators, curators, technical staff, and to engage and supervise contractors using well developed interpersonal skills.

You will have extensive knowledge and understanding of the materials and techniques of traditional and contemporary works of art within the field of objects and a sound knowledge of art history. You will be able to use this knowledge to effectively contribute to scheduling and providing advice on storage and the condition of the collection.

You will have a demonstrated ability to initiate, conduct and co-ordinate research in fields relevant to objects conservation. Experience in publishing, lecturing, and sharing knowledge about this research is essential. Experience is also required in training and developing staff within the institution in the correct care of the collection.

Excellent oral and written communication and interpersonal skills and proven ability to liaise effectively with people in a diverse range of professional disciplines and the public. Experience in corporate reporting is required.

WHAT WILL YOU DO?

In accordance with the APS Executive Level 1 work level standards, you will:

1. Develop, monitor and maintain the workflow of the Objects conservation section to ensure exhibition, loan and travelling exhibition deadlines can be managed and resources effectively. Manage staff within the objects section and promote their development and skills.
2. Supervise the conservation, documentation and research of objects within the National Collection and on loan to the NGA. Carry out examinations, treatments and maintain conservation records of objects to the highest professional standards.
3. Provide expert advice on all matters relating to the preservation of objects and time-based media. This may include internal stakeholders, exhibition development, scheduling, storage, movement and

transportation of all objects within the collection. Develop and contribute Risk Assessments to assist with caring for the collection.

4. Initiate and coordinate research and development into conservation methods and materials and into the techniques of works of art. Participate and encourage staff to develop lectures and research projects relevant to the NGA collection.
5. Participate in preventative conservation activities including design and manufacture of packing and display systems, design and maintenance of storage systems, integrated pest management, environmental control activities and disaster response.
6. Undertake other duties as required by the Head of Conservation, including preparations of policies, guidelines, corporate and financial reporting for the Department.

WHO ARE WE LOOKING FOR?
