ROBERT MOTHERWELL

This group of ten original graphics by Robert Motherwell was created at Tyler Workshop Ltd. from November, 1974, to October, 1975. These prints were hand-printed from stones, aluminum plates and silkscreens on Arches Cover mould-made paper and special hand-made paper developed for this project.

The limited editions vary in size from sixteen to forty-five impressions and each edition's print documentation describes the print, number of impressions pulled and the printer(s) of the edition.

Each print is signed and numbered by the artist and bears his chop mark next to the publisher's mark.

Print documentation, prices and availability given upon request.
