Josef Albers

Mitered Squares

Mitered Squares, completed in 1976, is the third of a series of four screenprint portfolios by Josef Albers containing twelve prints and inter leaving pages of verse written by the artist. The portfolio text (title page, verse, and colophon page) was designed by Kenneth Tyler, set in Bodoni phototypesetter typeface by Stamford Typesetting Corporation, and printed by Lithocraft of New England Inc. on Japanese Masa Dosa paper. The gray cloth-covered portfolio box and black cloth-covered slipcase were designed and fabricated by Jordan Specialty Company.
